Summary

I am a dedicated and aspiring Full-Stack Web Developer with a growth mindset. I am currently enrolled in Generation USA's 11 weeks junior Web Developer IT Boot Camp where I'm gaining knowledge on both technical and soft skills. I have collaborated on various local business projects by boosting revenue, developing a layout responsive website, and applying strategic SEO techniques. I Possess experience in HTML5, CSS3, JavaScript, JQuery, React.js, Node JS, and other web-based technologies to create interactive web applications within budget and in a timely manner.

Skills

Front-End	Back End	Source Control	Frameworks	CMS	Other
JavaScript ES6/ jQuery	Node/NPM/PHP	Git(Git Flow)	React/Redux	Wordpress	CLI
CSS3/SASS	REST API/Express	Git Hub	Bootstrap	Shopify	Bash Script
HTML5/XHTML	MySQL/MongoDB				IT
JSX	MVC/XML/JSON				LAMP
Wireframe Design					Linux
					AWS

Professional Experience

DCNine Web Solutions / Full Stack Developer Arlington, VA | February 2019 – Present

- Developed a website for the [Ethiopian shopping market](#) with the goal of projecting a better brand image and increasing annual revenue by 25%.
- Developed a dynamic front-end using a modern JavaScript library to create single-page apps using React.js([see portfolio](#)).
- Performed within a team using an agile development methodology and widely accepted collaboration practices using Git Flow.
- Safely modeled and stored data in SQL databases.
- Wrote secure applications and deployed them to a web hosting server.
- Worked with a talented team of backend developers.
